Ah Our fond reflections of those initial tries. A kaliedoscope of our time hence. The perplexity of our thoughts seemed to melt away In the joy and warmth of young innocence. Those were moments where friendships dwelled

LALI

Those were moments where friendships dwelled Within the halls of our school so dear. The pleasant bonds of learning swelled, We won and lost for the noble bear.

And then our dreams for future bold. We laugh, we cry, with heavy heart. The light of life our new threshold, We now clasp hands and then depart.
